ECO ESSENCE ENTERPRISES

Butterfly Effect : Small Choices ; Big Impact!

**Just as a butterfly's wings flap in Brazil can potentially trigger a tornado in Texas,
our everyday choices can have a ripple effect on preserving our environment!**

By adopting a "Nature First" approach, even the smallest decisions—such as selecting eco-friendly door mats, carpets, gifts, or decorative items—can contribute to a healthier planet for future generations.

Eco Essence Enterprises is a forward-thinking manufacturer dedicated to creating high-quality, eco-friendly products. Specializing in **natural and biodegradable items**, our product range includes **coir fiber, coco pith (cocopeat), coir yarns, ropes, door mats, Handi-crafts and a variety of carpets and flooring solutions**. We are committed to transforming nature into sustainable solutions, ensuring that our offerings are not only durable but also environmentally conscious.
